Who we are

Navitas Workforce Solutions is a global name in human resources. We are an established name in recruitment with over 12 years experience in recruiting and relocating hundreds of qualified professionals and their families into Australia.

We place candidates into a variety of organisations, including public and private companies, ranging in size from small and medium to Australia's largest organisations.

By utilising our vast network and that of the Navitas Group we specialise in placing candidates in ideal positions to benefit both the employer and employee.

Our Services

Navitas Workforce Solutions is a full service recruitment agency. We provide assistance at every step of the process from getting visas, airfares, transfers, registration, accommodation and other relocation needs to job search and ongoing training for our candidates.

We place staff in both on-hire and permanent positions in locations all over Australia.

Our Advantage

Navitas Workforce Solutions is one of only a select few companies appointed by the Department of Immigration and Citizenship (DIAC) to be able to sponsor candidates for working visas.

This agreement allows us to apply for working visas on behalf of overseas candidates, giving us the capability to oversee the entire recruitment and relocation process. We can manage the search, selection, immigration and relocation of candidates, ensuring that the stringent criteria and client's needs are met.

We provide candidates with a smooth, straightforward transition into ideal positions for a successful working life in Australia.
